

# Explore pathways to earn your degree tuition-free

Asante is proud to partner with Capella University to offer eligible employees a variety of educational benefits. This includes the opportunity to earn a degree with minimal to no financial barriers. Through Capella's Tuition Assistance Aligned Pricing, tuition costs for your degree are aligned to the tuition assistance that Asante already provides its employees. Eligible employees who enroll may pay little to no out-of-pocket tuition costs.\*

\*Eligible employees and programs only. Tuition pricing and out-of-pocket costs vary by program. To benefit from full discounts, you must meet Asante's tuition assistance aligned pricing requirements. You are responsible for paying any tuition and fees not covered by Asante's tuition assistance policy. Books, supplies and other fees may apply. Consult with your HR representative for more details.

## How it works:

1. Connect with Asante and complete required tuition assistance application
2. Connect with a Capella enrollment counselor to enroll in an eligible Tuition Assistance Aligned Pricing (TAAP) program
3. Complete the Capella Acknowledgement Agreement, which allows Capella to adjust your tuition to align to Asante's tuition assistance and reschedule your tuition payment deadline
4. Pay your Capella tuition prior to submitting for tuition reimbursement at Asante
5. Ensure course(s) are completed and required documentation is submitted per Asante's tuition assistance policy
6. Receive tuition reimbursement funds and use those funds to reimbursement yourself

# One degree journey. Two online learning formats.

Capella offers degree programs through two different learning formats, so you can choose the one that works best for your needs. Monthly start dates are available for most programs.

## GUIDEDPATH™

### Course schedule

Take up to three classes per quarter, each with set weekly deadlines. Our GuidedPath format follows a quarter system schedule with 10-week classes per quarter.

### How you learn

Participate in weekly discussion posts with your classmates and faculty. You'll also complete weekly assignments for faculty feedback, with access to academic advisors to help keep you on track.

### Grading

You'll receive a letter grade from faculty based on the assignment or project quality.

## FLEXPATH™

### Course schedule

Set your own deadlines. When you complete a course, you can move on to the next one right away. Enroll in up to two classes at a time with no limit on how many courses you complete in every 12-week billing session.

### How you learn

Engage one-on-one with faculty to receive feedback on your assessments and work with tutors when you need help.

### Grading

To demonstrate competency, you'll complete assessments for faculty to review and evaluate based on your level of mastery of the topic.
