### TABLE OF CONTENTS

### **OUR BRAND**

Our brand is more than a name and logo. It's everything. It's what manifests in people's hearts and minds when they think about us. Growing and promoting it successfully takes conscious and continuous effort, and it's something everyone at Asante needs to own. We can't do it without you. What you do, how you do it, how you treat others and so much more influences the perception of our brand. Thank you for treating our brand with care and respect.

TALLO

### WE BELIEVE IN THE POWER OF COMMUNITY

When we think of community, we think of the parts and the whole. Your neighbor and a sense of belonging. Individual strength and the power of unity. We think of family, sharing and discovery. Vibrancy and humility and hard work mixing with tolerance and diversity. Community is the will that compels us to be better. Part cooperation, part commitment. Part ingenuity, part irreverence. All the parts – from the water and wine to the Shakespeare and hiking. From the slow life to the pioneering spirit. Our diverse community is where we all reside, grow and thrive. Where we are each our own and something much larger. Deeply interconnected and dependent upon one another. Our community is healthy and welcoming. Our community is you. And community lives here.

### OUR BRAND

### ASPIRATIONAL

Aspiration is about being ambitious, pushing forward, never satisfied with the status quo. *It underscores our relentless pursuit of better.* 

### UNWAVERING

To be unwavering means we are steadfast **in our commitment to put community first.** 

### SINCERE

We are heartfelt, honest and true. We are sincere and relatable. There's nothing fake here. We treat **people** *like friends and neighbors*.

### **OUR BRAND**

### **KEY MESSAGES**

### Community lives here.

### You deserve the best quality.

We power the community.

This is our home. Our heart is here with our friends and neighbors. That means every one of us – regardless of position in the organization – not only cares for you, we care about you. You are at the center of everything we do. Because community lives here. Our commitment to clinical excellence is the most important way we show you how much we care about the community. From our broad range of specialties to our hospitals and clinics throughout the region, we are never content with the status quo. Because we can always be better — for you. We have a heart for service that reaches beyond the care we provide. We stand side by side with you to help our communities grow and prosper. We're invested in our communities because this is our home too.

# BRAND TOOLKIT

# **BRAND VOICE**

### WRITING STYLE

We speak to our audience when we write – not at them. The difference is important. We aren't writing for our English teacher. We're writing conversationally for our audience. We're speaking to a friend. We address our friends as "you" whenever possible. Our approach is always authentic. We're deeply interested in celebrating our audience and our community.

### WRITING CHECKLIST

### □ Make it authentic

Remember, you're talking to people, not at them. Write as if you're speaking to a friend. Conversational means sentence fragments are welcome (when written with style).

### □ Make it about them

Talk to the person who is the target of your communication. Speaking to our audience in language that's "you" oriented makes your message about them.

### □ Make it flow

Short, punchy sentences followed by longer sentences create dynamic and interesting flow. Sprinkle in some medium-length sentences for variety. Combined, we achieve style, tone and approachability. That's Asante.

### **Respect their time**

Keep it minimal – everyone's busy. Reading marketing copy is low on the list. Respect that. And put in the time to say it succinctly. As the old adage goes, "I would have written a shorter letter, but I didn't have the time."

### □ Keep it consistent

Make sure what you write is consistent with the format we follow in the AP Stylebook.

### A SPECIAL NOTE ABOUT SOCIAL

### This is their turf

Unlike traditional media, in social we are entering someone's personal space. Be careful not to be an interruption in that space.

#### Have a real conversation

Our audience is smart. Simply repurposing advertising in social media won't break through and engage. They should feel like there's a one-on-one conversation taking place.

# IMAGE GUIDELINES

### PHOTOGRAPHY AND REAL MOMENTS

The use of original, authentic photography and video is vital when creating Asante brand elements. We intentionally profile real people from our communities in candid moments. It's a thoughtful approach that should never feel like a typical stock image. Never contrived or cliché, images should be warm and human, capturing genuine connections and real moments in the lives of the people who live in our community.

Creating this level of authenticity requires the consistent use of real people and local scenes. Photographs taken by locals and local professional photographers should be considered as a source for building an archive of images. When shooting original photography, it will be important to provide creative direction to capture the candid, unique moments so important to the Asante brand.

### IMAGE STYLE

Notice the overall tone and feel of these images. Real moments, candid, earth-toned and alive – captured in our communities. Authentic is honest and that should come through in all of our images and video – true situations that are lifestyle or aspirational concepts that reflect the personality of the people we celebrate.
